

I am very unhappy about proposed plan to give LPFM stations priority over existing national programs on FM translators. The only music station that my family listens to is the nationally broadcast KLOVE. This station is by far the best station here and serves the Christian community better than any local station, competing for money, ever could. This music is uplifting and gives the message that really matters. It would be a great disservice to all of San Antonio's Christian community, and it is large, to effectively force this station off the air. I give my voice to the strongest objection to this LPFM proposal and ask that you reconsider.
